LOG-IN

ONE-TIME PASSWORD LOGIN

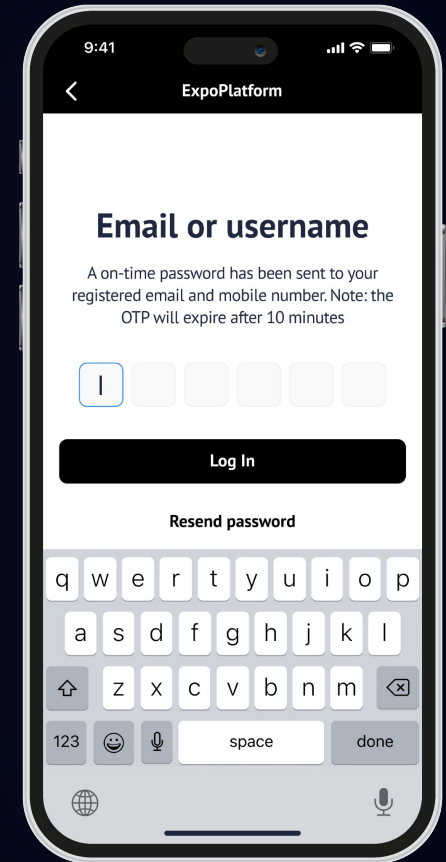

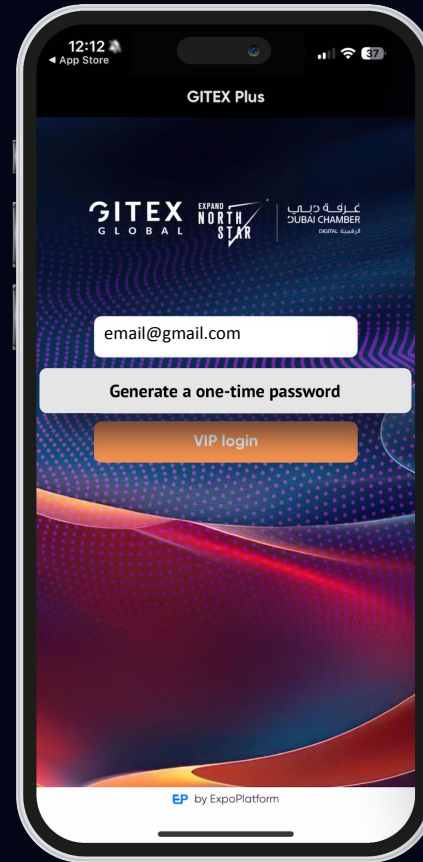

1. Registered exhibitor team members (issued badges) & attendees can request a one-time password to their registered email address or / and registered phone number, when they need to log in.
2. To log-in as a company account, the Exhibitor should use the Username associated on the Exhibitor Portal for the OTP request.
3. The OTP will be sent to the company or individual email address owner or / and company or individual phone number owner via Whatsapp

How To Request Otp

SIGN IN PAGE

- If you are a team member or attendee, enter your registered email address to receive an OTP via email & Whatsapp.
- If you are the company admin then enter your username that you used for exhibitor portal credentials. You will receive an OTP email on your admin email address & OTP via Whatsapp and SMS on your company admin phone number.

Navigation Of Key Features Under Menu Icon

EVENT INFO

- **Exhibitors:** allows you to filter and sort by product/solutions, countries and more
- **Products:** allows you to filter and sort by product listing
- **Conferences:** allows you to access the conference schedule
- **Floor Plan:** allows you to navigate through the event with an interactive floorplan

MY ACCOUNT

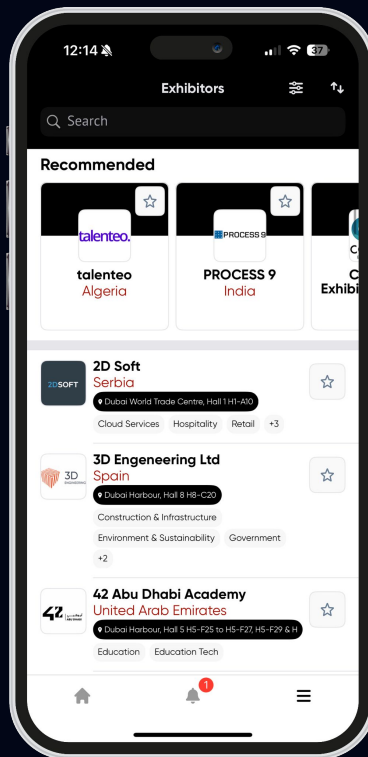

- **Networking :** allows you access your potential matches
- **Badge Scanner:** allows you to capture leads – this will be your lead retrieval tool!
- **My Agenda:** allows you to save and track all your meetings and conference sessions

How To Navigate Your Exhibitor List

Exhibitor list section on the app allows you to filter by and access all events, product category, country and more

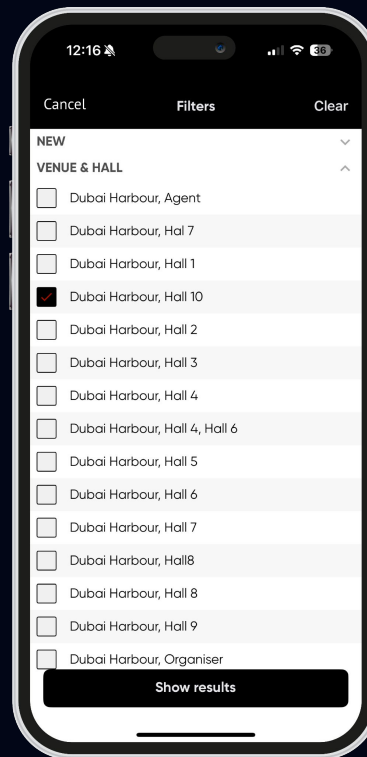

01

Menu Tab >>> Exhibitors and Select any relevant filter and click on the “Show Results” button

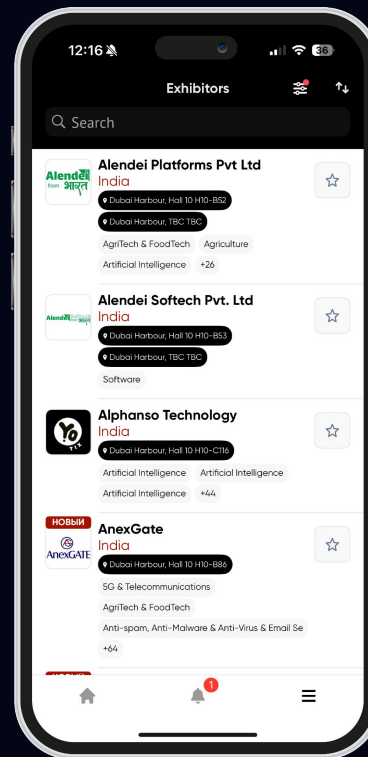

02

“Show Results” button

03

Access exhibitor list with corresponding filters

BADGE SCANNING & LEAD CAPTURE TOOL

The background features a dark blue field with a pattern of fine, concentric purple dots. Overlaid on this are several flowing, translucent shapes in shades of orange, red, and blue, creating a sense of motion and depth.

Your Badge Scanning Tool (Mobile)

Lead capture scanning of badges is available for exhibitors and exhibitor team members

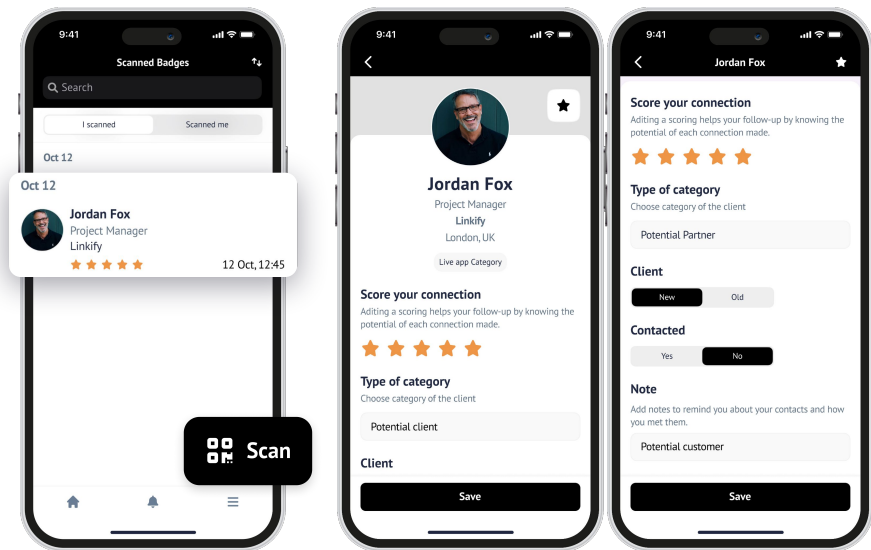

What can you do?

- Scan badges via “Scan” button
- See the list of all badges you have scanned
- Capture leads of all visitors and exhibitors
- Rate and categorize leads
- Add notes as an exhibitor or exhibitor team member

Export your leads from the mobile app by clicking the ‘EXPORT’ button on the top right. You will receive an email, containing a list of leads compiled in an excel file.

**to export the consolidated lead report of your team, please log in to the company account via the Username used on e-zone, the OTP code will fly out to your company email address owner & your company phone number owner*

***via our scanner you are allowed to scan any qr-codes, however, as leads only registered users’ badges will be captured*

View your leads, export them or scan new leads

As an exhibitor team member or an exhibitor score your leads, make notes and edits

Downloading Your Leads (Web)

Lead capture scanning of badges is available for exhibitors and exhibitor team members

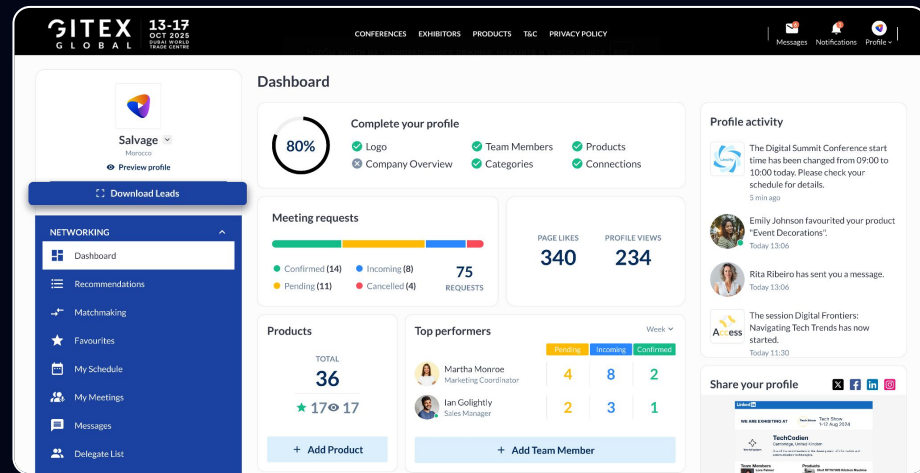

Downloading leads is also available on the Web App: [Link](#)

- **Exhibitor Company:** can login using their username via OTP request
- **Team members/Visitors:** can login using their email which was used for registration via OTP request

**to export the consolidated lead report of your team, please log in to the company account via the Username used on e-zone, the OTP code will fly out to your company email address owner & your company phone number owner*

After signing in → users will land on their personal profiles

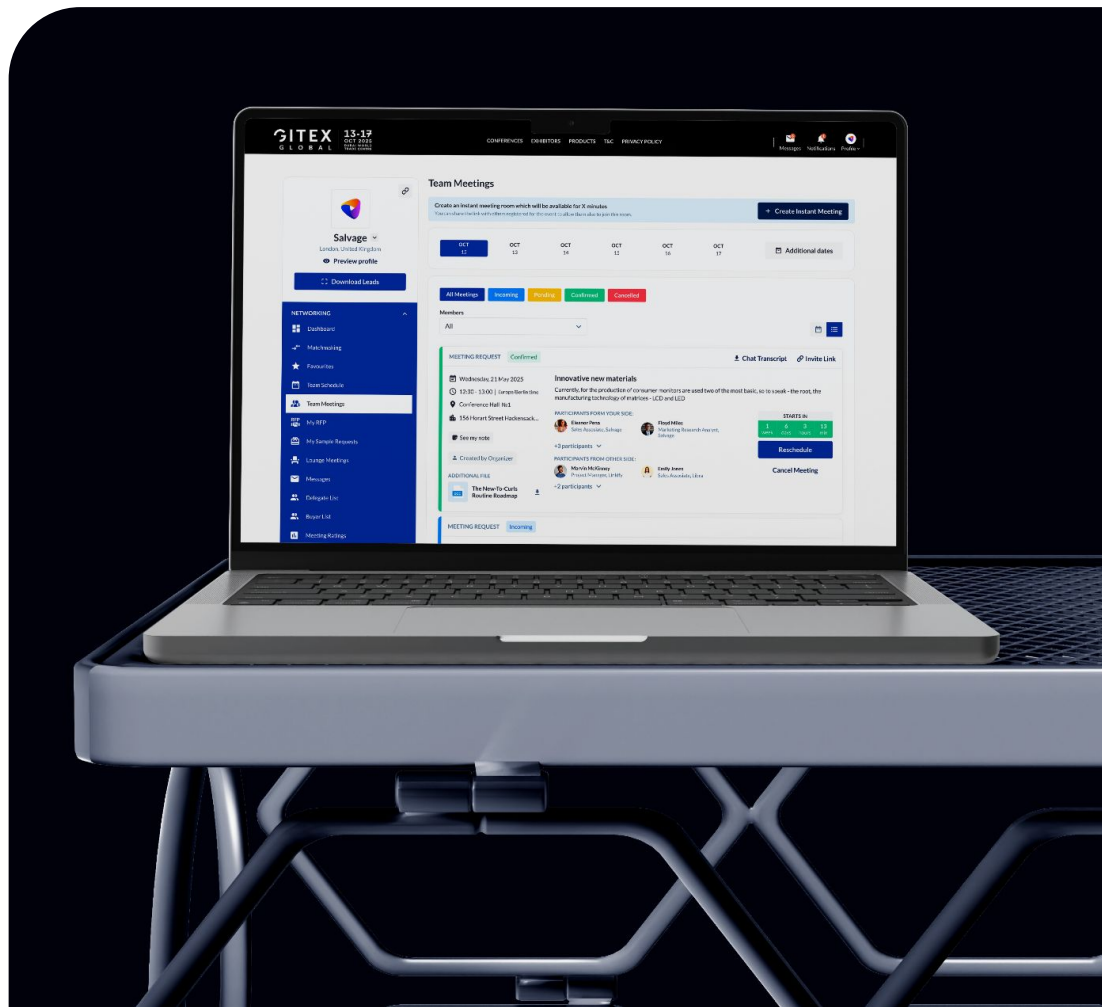

Click **Download leads on the profile** → the system will generate an excel file consisting of all the leads that were scanned during the show. The company account admin will receive all leads scanned by all members.

GITEX Plus Web Application

Login to [Link](#) to access the GITEX PLUS web application and get key insights about your online exhibitor profile

- Get quick insights on your meetings
- Your top performing team members
- Your online interactions with others
- Your profile activity
- Download leads (badge scans and profile interactions)
- Setup meeting and messaging with your interactions through the web application directly

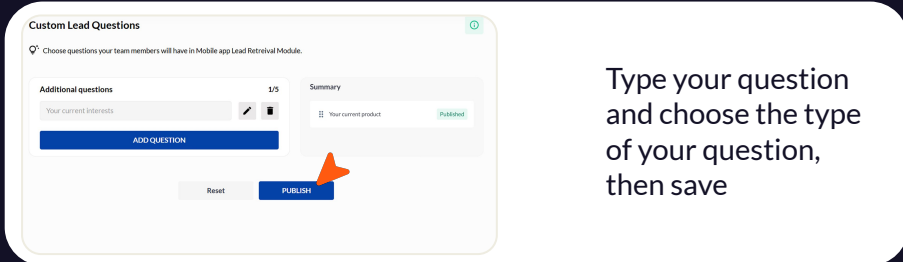

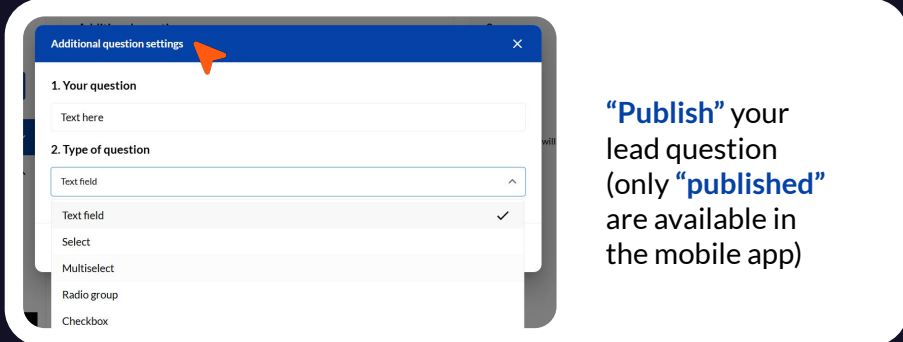

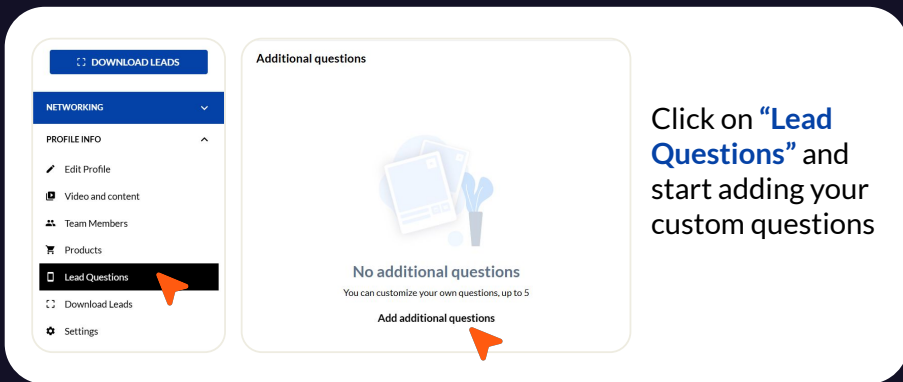

Lead Capture: Add Your Custom Lead Questions

Custom lead questions could be added under the company account in web version

Instructions can be found below:

- Please login to your company account
- Under “**Profile Info**” dropdown you can find “**Lead Questions**” tab
- In this tab you can add up to 5 additional custom lead questions as per your needs: text field with free type, selection block, radio group, etc
- Please do not forget to save what was added as well as publish the saved additions
- Only “**published**” lead question will become available in the mobile app and lead scan report file
- The questions created available for company account & exhibitor team member login flows

NETWORKING

The background is a dark blue gradient with a pattern of small, light blue dots arranged in concentric, wavy lines. Overlaid on this are several translucent, flowing shapes in shades of orange, red, and light blue, creating a sense of motion and depth.

Networking

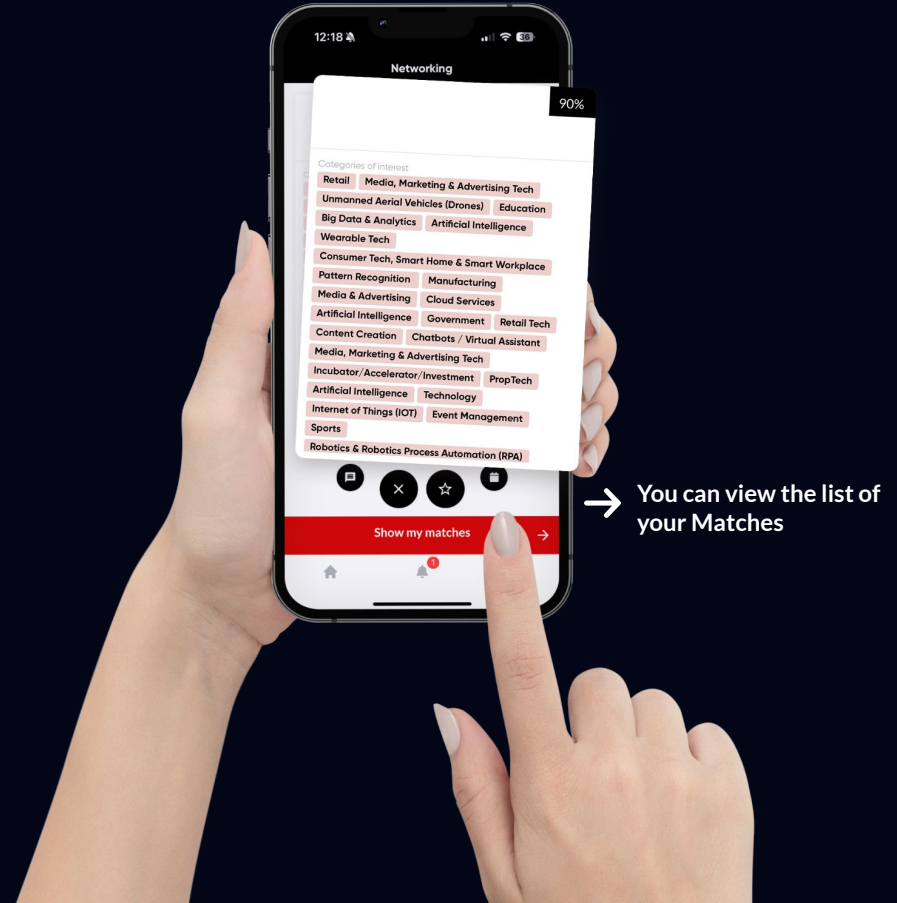

What can you do?

- See the profile of potential matches based on your interests
- By swiping right you are marking the profile as favorite and by swiping left you are marking that profile as not relevant
- You can perform different actions with these profiles like favorite, meet, message and not relevant - using the icons above the 'Show my matches' button
- With your individual logins you can network freely and set up meetings with potential matches

Swipe left to make as irrelevant

Swipe right to add as into the Favourites

Mobile App: “My Agenda” Section

The “my agenda” section will be home to all your meetings and saved sessions

- There are two views of the agenda now available - from the list or the calendar which you may switch as per your needs.
- In the ‘All’ tab you will find full agendas with sessions and meetings.
- In the ‘Diary’ tab you will find a list of confirmed meetings only.
- In the ‘Optional’ tab you will find favorited Conferences you added to your schedule, pending meetings requests.
- You can download your schedule in PDF format which contains all the “Confirmed” meetings and sync this meetings with your Google or Outlook Calendars.
- You can view, cancel, reschedule or confirm the meeting from this tab
